1. Purpose

UST Global (referred to as 'UST' or 'the Company') believes that Corporate Social Responsibility ('CSR') extends beyond the ambit of business and should focus on a broad portfolio of assets - human, physical, environmental, and social.

The purpose of the document is to outline the policies and procedures for Corporate Social Responsibility ('CSR') for UST Global at India and Global level. This Policy is framed pursuant to the provisions under Section 135 of the Companies Act, 2013 ('the Act') of India. At the global locations, the region-specific rules and regulations, aligned with the Corporate Social Responsibility initiatives, will be followed.

2. Context

UST Global's Corporate Social Responsibility commitment is to integrate economic, environmental, and social objectives with the Company's operations and growth. This commitment is guided by the words of our Founder Chairman, Mr. G A Menon – 'The Company should be socially responsible and use most of the wealth created to help people less fortunate than ourselves. We should be involved in something higher than ourselves. If you believe in this aim and you are inspired and motivated by this belief, no one can stop us.'

The Corporate Social Responsibility (CSR) commitment is driven by the Company's Core Values Humility, Humanity and Integrity.

UST Global's Corporate Social Responsibility (CSR) follows the Company's motto 'Transforming Lives' and strives to cater to our associates, customers, communities, and the environment. We integrate our business of technology and its impact to help create more inclusive societies that offer more opportunities to the people.

3. Vision

UST CSR works to transform lives of the community, through inclusive and sustainable development initiatives. This vision is aligned with the Company's corporate strategy and intends to bring about sustainable social development for its co-communities. UST does not believe in being a 'check-writing' organization in its CSR initiatives and actively promotes volunteer effort from its employees ('USsociates').

4. Objectives

- To engage in outcome-based corporate social responsibility programs that will impact and transform the lives of the communities, with an additional focus on the Company's operational locations.
